Mark Gollidge	Programme Director - PMO & ICS Development	843 960273 STP Hub	Yes	2025/26	Outside Employment	<p>Prior to joining Gloucestershire ICB I was approached (during my previous employment with Homerton Hospital) by the Interational Foundation for Integrated Care (IFIC: https://integratedcarefoundation.org/) to host and facilitate a virtual study tour with a delegation of people from Estonia. I confirmed at the end of August that I was happy to lead this session. This involved preparation (outside of work time) and coordination of the session on 30th September 2021 (a couple of weeks after I had started in Gloucestershire). I sought permission from Emily Beardshall (line manager) to be involved in this session. This was a one-off session but was a funded workshop.</p>	<p>This was a one-off session (rather than continuous employment) and employment has now ended. However, there is a conflict of interest given the nature of the work (related to integrated care) and my existing employment with Gloucestershire CCG. Measures to resolve conflicts of interest:</p> <p>- One off session (rather than continuous employment) - Transparency of involvement with International Foundation for Integrated Care</p>

The International Foundation for Integrated Care have offered to fund my time for this work - confirmed in March 2022 (which is the reason for the gap between 30th September 2021 and this being raised as a financial declaration of interest).</p>	<p>Because this was paid activity I have also completed a submission of secondary employment form. Actions taken to mitigate risk of conflict of interest:</p> <p>- This was a one-off session with the International Foundation for Integrated Care (which ended at the end of September 2021) - Transparency of involvement with IFIC with Gloucestershire ICB - Will declare any future engagement with IFIC</p> <p>Financial</p>
