Gloucestershire

Transforming Care, Transforming Communities

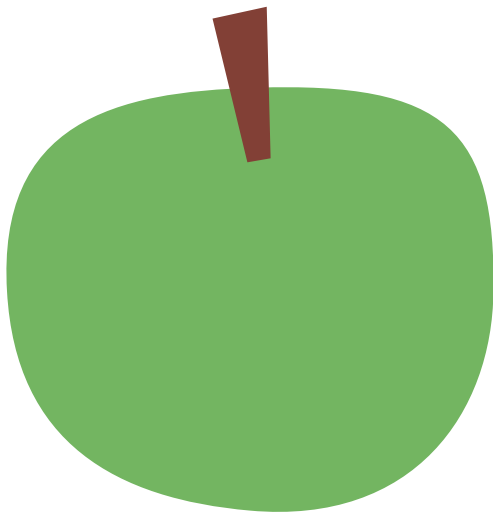

The Gloucestershire Sustainability and Transformation Plan is called the STP.

The STP has been written by people who work in health services.

What we want to do

- We want to know what you think of health services in Gloucestershire.
- There are more people in Gloucestershire and they are living for longer. This means they need more health services.
- Health services cost a lot of money.
- We need to make sure we have enough staff.
- We need to make sure we have enough money.
- We want people to be healthier. We want people to get the care and help they need.

How you can be healthy

- Your doctor may say you should do community activities to stay healthy.
- Your doctor may suggest you get support in your community.
- We will be helping people to be healthy.
- There will be more support for carers.
- We will use technology to help people.
- We will ask workplaces and schools to be healthy.

What will change

- We want care to be provided in your community. This might be in your home or at the doctors. This might be somewhere close to where you live.
- Doctors will be open on weekends and evenings.
- If you are very ill, you will go to a medical centre. This may be a hospital.
- People will work together to help you.
- You will not have to wait so long for hospital treatment.
- We will make sure you have the right medicines for your illness.
- You will be able to get information about your health.
- Different health services will be able to share information about your health.

What do you think

Please tell us what you think about health services in Gloucestershire.
